

# THE LAST FOREST SESSION!

What a fantastic afternoon the year 5 pupils had in the forest last week; it was also their last forest session. As they didn't go to Millennium woods for their last session, they went to the little forest at our school. The year 5 pupils had 6 amazing sessions: they made a fire, climbed trees, built dens/shelters and roasted marshmallows; they were also allowed to climb higher than normal.

Zara liked roasting marshmallows and the fire the most. James liked den building and roasting marshmallows. Mr Leonard enjoyed lighting the fire and watching the logs burn.
