

## Sign2Sing

Sign2Sing is a fun way to raise money for the deaf; at the same time, children can learn new ways of communicating with other people.

In our school, we learn the lyrics and actions of the song (different song and actions every year) and perform it for the parents to come and watch. We do this because we can help the deaf by raising money and we learn new ways of developing skills.

Yesterday, we performed the song in our Efforts assembly, in front of parents and all staff, wearing scarves. Hope you enjoyed it!
