

SATs Week

This week we had our SATs. SATs are tests for Yr6 and Yr2 pupils, but in our school, all students in Years 2-6 completed tests throughout the week as well.

Yr6 did the following tests, which included:

- SPaG (Spelling, Punctuation and Grammar) - Monday
- Reading Comprehension - Tuesday
- Maths arithmetic - Wednesday
- Maths reasoning - Wednesday and Thursday
- Science test - Teacher assessment - Friday

But guess what? The testing was actually fun! It was not stressful as they expected it to be. Year 6s had a yummy and delicious breakfast and they surely enjoyed having biscuits! They had their tests in a relaxing atmosphere in their class with their teachers and Mrs Stockley.

Ashley Gordon - Y5 pupil said, "I enjoyed my test week, even though it was not full entirely of tests like the yr6 and yr2 pupils. It was an experience that I have not had before, we had half a day of tests and half a day of fun and games with Mrs Ogden and Mr Leonard 😊😊!!
