## A 'Story in a Day'

This week our school made a story in a day. Story in a day is when each class comes up with a chapter/paragraph of a story from just a small picture.

Ash Class started with the introduction to tell us what is going on; next, Beech carried it on with a build up to the problem. After that, Lime Class wrote the problem, then passed it on to Maple to carry it on. Finally, it was handed over to Willow Class for the solution.

We all found this: fun, exciting and different to all our normal classes. Many would love to do this again in the future.

Some quotes were: 'We have big shoes to fill!' (When this child saw what the other classes had written); 'Can we do it again Mrs Tweedale?' And some children simply responded with just a 'WOW!'

By Mimi and Caitie.
