

HAZY HEAT

The heat last week was unbearable but also lovely in some ways. It was a big change in weather (which was not expected), considering that a couple weeks ago 'Forest' was cancelled for Year Five because of the snow! Although we like the heat, there are also things we don't like about. Here are some things that you need to know (parents and pupils) if that happens again anytime soon:

- Sun Protection - This is needed because you don't want to get sunburnt, do you?
- A hat of some sort - This is also needed because you can then block out the sun when looking near it. Sunglasses can also help.
- A water bottle - This is needed at all times to help stop dehydration.

It is nice to be out in the sun playing on the field. It is said that the heat wave came from Greece. We are now attending more sporting events - like Cross Country - coming up soon as well as clubs stopping, so we will be more often on the field. We thought it was nice to have a change of the weather.

What do you think of this weather?
Don't forget to protect yourselves!
