Early Years News

The children enjoyed the story of

'Where the Wild Things Are' this week. It accompanied a change in our theme as the children made an impromptu pirate ship and have been sailing the seas searching for adventure!

Thanks to everyone who supported their children as they counted the birds that they could see in their gardens. The interest in tallying and other mathematical graphics is developing through the many varied activities that the children undertake. These all encourage their mathematical thinking and problem solving abilities.

Saplings Parents - please remember that you are invited into school next Tuesday (6th) at 12:15 to discuss early mark making and developing writing skills.

We are on the lookout for potato mashers and spoons of all shapes, sizes and materials, as well as plastic mixing bowls of different sizes, for our mud kitchen. If

you have any going spare please can you send them in to us here at school.

If you know of anyone with a child born between 1/09/2014 and 31/08/2015, who may be interested in them joining our group of Saplings this September, please could you let them know that the window for applications is open from Monday 05 February until Friday 16 March. Further information is available in the school Office.

Don't forget that half term starts next Friday (9th February) and that we return to school on Monday 19 February.

Enjoy your weekend.
