Early Years News

Many thanks to all of you who were able to support our Harvest Festival yesterday. We hope you enjoyed the service and we thank you for your generous support for our link school, Kigezi School, in Uganda.

We will be taking on a theme of 'animals' over the next two weeks - any books/stories/items to do with this theme or any animal that the children have a particular interest in are most welcome in school.

A couple of reminders:

- As the weather gets colder and they begin to wear their tights, it would help if all Ash Class girls could keep a pair of socks in their PE bags
- Please could the 'Ask me what I've done to deserve this' lanyards always be returned to school the next day/following Monday if brought home on a Friday
- The children's water bottles will now be coming home each evening and should be brought into school daily filled with fresh WATER
- Saplings Lunch Club will start after the half term break - further information to follow
- Saplings will be able to choose a story to bring home from today - can they please have a bag in school suitable to carry it home each day from now on (school book bags are available from the Office)
- When children have a birthday, it is a tradition of the school that they bring a book into school to give to their class. The children really enjoy sharing these special books and they provide a long lasting memory for them.
- Forest and PE will be held on Tuesday or Wednesdays but either may be on either morning so please could Ash have both kits on their pegs and Saplings wear appropriate clothes on both days

Looking forward to seeing Ash parents at the Parents Evenings next week.

Have a great weekend.

The Early Years Team
