Early Years News

Many thanks to all the Ash parents who attended the Parents' Evenings last week - we hope you found it an informative and positive experience.

This week is SCIENCE WEEK across the school and in The Early Years we will be being scientists and discovering all we can about animals, and no doubt, other things! We have minibeasts, bones, feathers, fossils and other natural things for the children to 'investigate' in our Discovery Centre - if you have anything else that we could use please let the children bring it into school.

We plan to open The Saplings Lunch Club from Monday 31 October. This will be held in the Unit and be available Monday to Wednesday (initially) at a cost of £2.50 per session. The children will need to bring a packed lunch and will need collecting, from the main school gate, at 1pm. Please see Mrs Chamberlain if you are interested in taking the offer up to book your sessions.

Please can you all ensure that ANYONE who is picking up your child knows their password.

We would like to take this opportunity to invite all Ash parents to the half-termly Awards Assembly. It will be held in the main school hall at 2.30pm on Friday 21 October. This is where all the children's efforts are celebrated.

The children have done so well but are getting very tired - only one week to go!
