Early Years News

The children are really enjoying our 'To infinity and beyond' theme, taking in a lot of information about the planets and feeling very sorry for Poor Little Pluto. Next week sees us having a relatively quiet week in the Unit when we can hopefully transform some of our space into an exciting space station so that we can explore even more.

We will be continuing to focus on the Number 8 - if anyone has any photos/facts about/concerning '8' it would be great if you could share them.

The children are all now happily involved in their phonics at a level that is appropriate to them. We don't learn a new sound every day as we are encouraging the children to blend the sounds (phonemes) and form the letters (graphemes) that we have introduced. Phonics is fun and tailored to the individual need.

Maths is also progressing well. The children are working with numbers to 10 and beginning to add two numbers together. Please continue to point out numbers that are around you wherever you go.

Enjoy your weekend.
