

Newsletter: Going for Goals

This term, our theme is 'Going for Goals'. Every child in every class in the school is going to be working towards their individual goal. All children will have the opportunity to discuss and think of different goals they would like to achieve and set one for themselves. In Willow class, we already talked about famous people and their achievements, family members that we are proud of and the qualities these people have that we admire, so that we use those traits for motivation.

We have asked some pupils what their goal is and what they think about 'Going for Goals':

- Rosie's goal (Willow class): to improve in English. She thinks that 'Going for Goals' is great to help challenge people.
- Violet's goal (Beech class): to improve her handwriting. She said that if she works hard then she will achieve it.
- Hannah's goal (Beech class): to get better at her joined handwriting. She said that she will practice lots to achieve her goal.

Other children would like to improve in other areas, get their pen licence or their times tables badges. We also discussed the skills that we need in order to achieve our goals: perseverance, hard work, patience, independence and team work, lots of practice because practice makes perfect!

'Going for Goals' is a great way to increase ability and improve confidence in all subjects. I hope you all understand a bit more about 'Going for Goals' and appreciate what we are aiming to achieve is to challenge the pupils in Little Hadham Primary School.

By Caitie and Hannah.
